 Removable Finger Rest

CONCAVE COBALT CC575F

Size: 5.75" Blade: 59mm Weight: 41.5g
 Size of Finger Hole: Regular
 Concave Blade x The standard JOEWELL blade
 Cobalt Base Alloy CBA-12 x Supreme Stainless Alloy
 Flat Adjustable Screw
 Removable Finger Rest

The new Concave shape blade with a keen edge achieves a sharp cutting performance.

The new Concave Cobalt scissors will cut hair very well with less effort, because the cutting load is lower than existing scissors.

THE CONCAVE BLADE

A combination of Cobalt Base Alloy CBA-12 and Stainless Alloy creates the long-lasting blade.

By using the blade material which differs to the inside (moving blade = Stainless Alloy) and outside (still blade = Cobalt Base Alloy CBA-12), the edge will not nick so easily.

HANDLE:

Design: Semi-Offset Handle

Finish: Blast process finish on handles helps displace moisture for hands.

Material: Nickel-less handle (less than 0.6%) to ensure against metal (nickel) allergies

SCREW:

New flat adjustable screw

(*A special tool to make minute adjustment of screw comes with scissors.)

2 Finger Inserts (to make finger holes smaller)

Chamois (cleaning cloth)

Scissors Oil
